Initial Map. Use Navigation and New Request to submit

The screenshot shows a web application interface. On the left is a blue sidebar with three icons: a grid, a house, and a pencil. The house icon is highlighted with a red box. The main content area is titled "My Requests" and includes a "Refresh" button, a search input field, and a table with columns "Description", "Date", and "Sta". The table contains the text "No records found." and a horizontal scrollbar. On the right is a map of Denver with various roads and landmarks. The text "Denver Water" is visible in the bottom right corner of the map area.

The screenshot shows a web application interface. On the left is a blue sidebar with three icons: a grid, a house, and a pencil. The house icon is highlighted with a red box. The main content area is titled "Search" and includes a search input field with a "Search" button and a dropdown menu labeled "Search by Address". On the right is a map of Denver, identical to the one in the first screenshot, showing roads and landmarks. The text "Denver Water" is visible in the bottom right corner of the map area.

Fill in information, draw rectangle and submit

WATER QUALITY DATA REQUEST ¹

From the Initial Map, use Navigation to Select the water drop  for a New Water Quality Request.

Enter a **Short Description** of your request, between 50-75 characters.

Enter the **Purpose**, including why are you requesting this data, what would you be using for, any specific data like locations or other geographic area or constituents, and if you have a **DW contact** already. Provide as much information as possible; this will make the process easier and speedier.

The map on the right side is for your reference. You do not need to draw a polygon or interact with the map.

- The brown line delineates the limits of the [DW Service Area](#).
- The [Watershed/Collection area](#) extends to the area outside of DW Service Area. Includes the raw water (such as streams) system.
- Distribution System extends to the DW Service Area. Includes the treated water system.

¹ As 04/03/19 – GIS

The screenshot shows a web browser window with the URL `devmap.dev.denverwater.org/vdr`. The page title is "Water Quality Request". On the left, there is a sidebar with a home icon, a pencil icon, and a water drop icon. The main content area includes a "Short Description" section with a green button labeled "Water Quality Data Request". Below this is a "Purpose and Your DW Contact, if Applicable" section with a green text box containing the text: "Water quality data request to support efforts on watershed and fire protection and mitigation. Interested on PH and Turbidity. No DW Contact". There are four checkboxes: "Watershed/Collection Sampling Locations" (checked), "Watershed/Collection Testing Data" (checked), "Distribution System Sampling Locations & Testing Data" (unchecked), and "Additional Water Quality Data" (unchecked). A note below the checkboxes states: "(*) Please note that some requests might be routed through a CORA request." At the bottom of the form are two buttons: "Reset" and "Submit".

A modal window titled "I agree to Denver Water's DISCLAIMER" is overlaid on the page. It contains the following text:

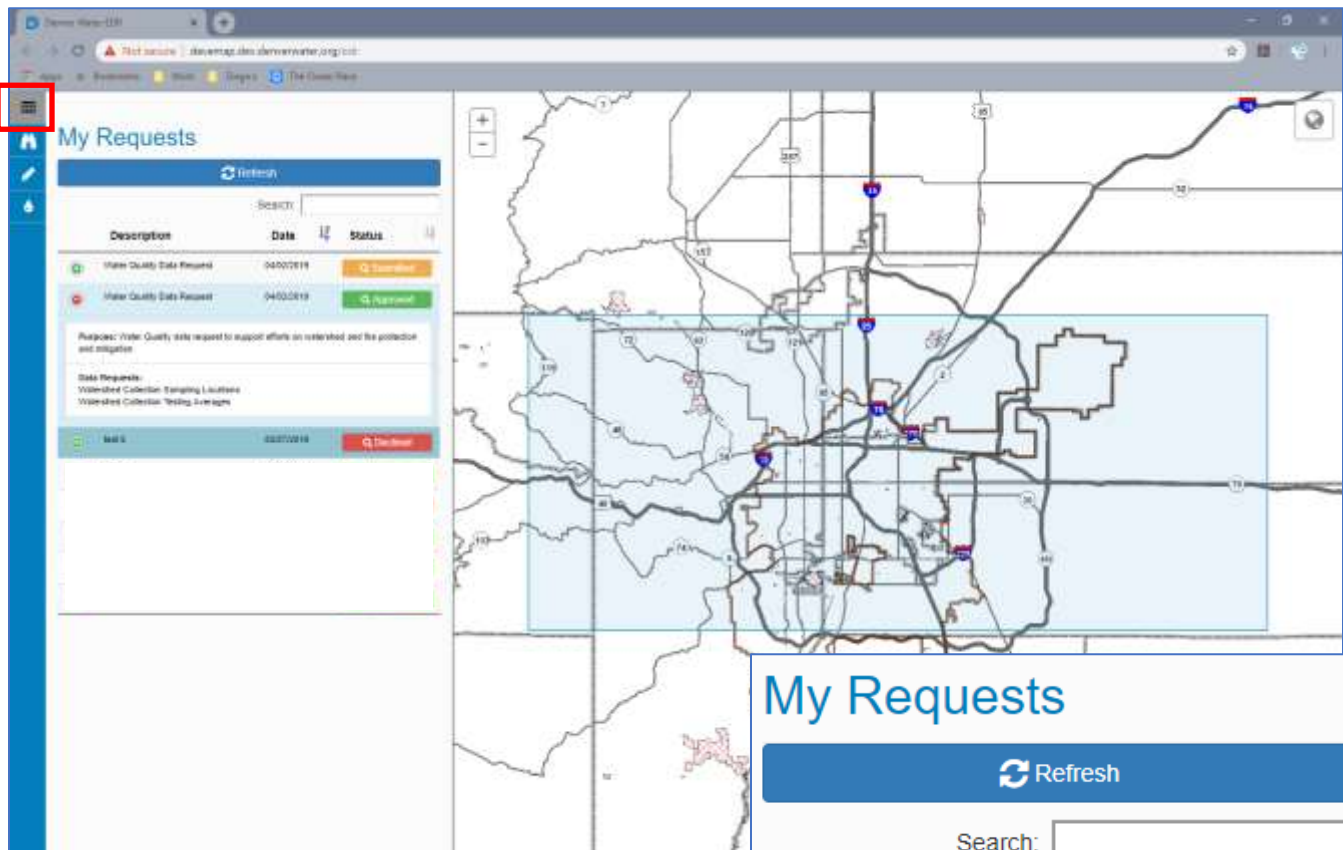

DISCLAIMER (data and metadata) The geographic information systems (GIS) maps, data and metadata contained herein were prepared by the Denver Water Board for its internal purposes only. The Denver Water Board provides GIS maps, data and metadata as a public service with no claim as to the completeness, usefulness, timeliness or accuracy of its content, positional or otherwise. Denver Water and its employees make no warranty, express or implied, and assume no legal liability or responsibility for the ability of users to fulfill their intended purposes in accessing or using GIS maps, data or metadata or for omissions in content regarding such. The information provided is presented "as is," without warranty of any kind, including, but not limited to, the implied warranties of merchantability, fitness for a particular purposes, or non-infringement. Your use of this information is at your own risk. In providing this information or access to it, Denver Water assumes no obligation to assist the user in the use of such information or in the development, use, or maintenance of any applications applied to or associated with the maps, data or metadata. The GIS material provided to you may contain confidential and/or security-sensitive information and any sale, reproduction or distribution of this information, or products derived therefrom, in any format is expressly prohibited. In protecting the provided GIS material from further distribution of any sort you will exercise at least that degree of care used to prevent disclosure, publication or dissemination of your own proprietary information, provided that degree of care is at least reasonable.

The water quality data is provided "as is." Water quality data provided to the user is provisional and subject to change, and the user should not assume that the data has undergone any quality assurance or quality control review. Denver Water makes no warranty of any kind, express or implied, concerning the data, including accuracy, reliability, completeness, timeliness, or usefulness

At the bottom right of the modal window are two buttons: "Yes" and "No".

Then **submit** and agree to the DW Disclaimer.

An email will be sent to the email account you used to register. You will then get status updates as data request is approved or denied. Your requests will be color-coded per approval state, as shown in the example below, in the My Requests tab.

Please note that your requests might be **Declined** on the basis of confidentiality, privilege, and/or security, among others. On those cases, your request might be routed through a [CORA](#) request.
